## BISHOP BURTON CONFIRMS SEVEN PERSONS SUNDAY

Following a baptism, Bishop Lewis W. Burton, of the Episcopal Diocese of Lexington, on Sunday morning confirmed seven persons, who thereby testified to the faith and became communicants of the Episcopal Church. Bishop Burton was assisted by Rev. J. J. Clopton, General Missionary for the diocese.

The confirmation service is a very beautiful rite and consists partly in the laying on of hands by the Bishop with the words, "Defend O God, this thy child with thy heavenly grace, that he may continue thine forever, and daily increase in thy Holy Spirit more and more, until he come into thine everlasting kingdom. Amen."

The quiet beauty of the service and the strong sermon preached by Bishop Burton on the individual influence each one of us has among his fellows, whether we are aware of it or not, and our responsibility to God for our use of this influence, made a deep impression on those present.

## PRESBYTERIAN CHURCH

Regular services morning and in the evening, Sunday School at 9:45.

The special meetings which were postponed on account of the meetings in the M. E. Church, will probably begin about the 7th of November as Miss Grace M. Wilson writes that she is planning to be with us on that date.

## AUSTIN BROWN KILLED

H. G. Garber, a construction worker for the L. & N. R. R. was arrested Friday for killing Austin Brown, colored, by shooting him with a pistol. Garber, who was Brown's boss, and Brown got into a squabble that developed into a fight and during the fight Garber is alleged to have shot Brown.

Garber was bound over to the Grand Jury Saturday in Judge J. D. Tuggle's court on a bond of \$2,000.

## PINEVILLE LINES UP

That prohibition can become a reality and not a farce, citizens of Pineville, who believe in law and order, have raised a fund of \$1,000.00 to help prove it can be done. Bring vice out into the open and those who practice it before good clean jurors and it is a gone con. We congratulate Pineville on this movement.

## SWIFT ACTION

Goldie Earls, said to be from Corbin attempted suicide a week ago Monday by swallowing five chloroform tablets, according to the Pineville Citizen. The rash act took place at Lee's Drug Store a love affair being the cause of attempted self destruction. Prompt action on the part of the medical fraternity saved the girl's life. She was married to James Hatfield on Wednesday.

Marion County has now got rid of every scum cow within its borders. Good work!

## RED CROSS NURSE REPORT

Miss Effie Jump, the County Red Cross Nurse, reports 112 visits during the month of September, 13 of these being school inspection visits. There were two chapter meetings held and one official visitor entertained. An emergency relief fund has been started and now amounts to \$90.00. Fees amounting to \$14 were collected.

## SOME BEAN

G. P. Bain from the month of Fighting Creek, brought in to the National Bank of John A. Black one bunch of velvet beans, grown on thin land, which must be over ten feet in length and is loaded with beans.

Mr. Bain says they do splendidly on this land and make excellent cow feed. Being a nitrogen gathering legume the bean should also help to build up the soil.

## HELD FOR KILLING

After an examining trial Saturday afternoon in Judge Bailey's court, Ben Lewis, of Barbourville, was required to give two bonds of \$3,000 each to appear at the January term of circuit court for the alleged murder of Ben McMann and Pearl Smith in the third story of the Lynch Hotel a week ago last Saturday night.

A few days previous to the preliminary hearing of Lewis, George W. Keistler, of near Newport, Tenn., who had been committed to jail here as a suspect in connection with the killing of McMann and Smith, was released, and he appeared in Judge Bailey's court by summons Saturday as the star witness for the Commonwealth in the prosecution of Lewis, but his testimony was rather favorable for the defense. He admitted his ill feeling toward Lewis, whom he said persuaded to leave the street and return to the crap game upstairs where he possibly meant to do violence to the person of Lewis. The stakes on the gaming table had been upwards of \$50, but he and Lewis had fallen out over a dollar, and Lewis had quit the gaming table and gone down stairs and out into the open air.

Lewis, whose home is in Barbourville, and is a son of S. L. Lewis, jailer of Knox County, was defended in Judge Bailey's court Saturday by Sawyer A. Smith, of Barbourville, who, according to late press advices, was appointed United States District Attorney for the Eastern District of Kentucky last week by President Harding.

Lewis and his father and Mr. Smith left Harlan Saturday evening for their homes in Barbourville.

It is said when the bodies of McMann and Smith were found lifeless lying upon the floor of the third story of the hotel, the right hand of Smith yet clutched a pistol. McMann it is claimed, was unarmed.

The double killing occurred about 9 o'clock in the night; Smith dying from two shots in the body, and McMann from a bullet wound in the chest.—Harlan Enterprise, Oct. 14.

## CLEAR TONE MUSIC COMPANY GIVES RECITAL

On Tuesday from 5 to 7 o'clock in the afternoon the Clear Tone Music Company put on a recital at their new headquarters, the Ladies Shop in the Lawson Building. The latest and best in piano and phonograph records were played for the edification of those who attended.

It is understood other recitals will be given from time to time.

At present the Clear Tone is making a very fine offer to those who wish to buy a piano or phonograph for Christmas. Those interested will do well to drop in and ask about the terms.

## WAITING ON ROLLERS

This week again we are prevented from using our latest press purchased due to delay in the arrival of rollers ordered about a month ago. It is another instance of the difficulty of getting supplies promptly as contrasted with business before the war.

## BUSINESS IS BETTER IF—

Gibson Brothers' Store Getting More From Advertising Appropriation

"Our business for the last month was double that for the same month last year," says Wade Gibson of Gibson Brothers' Store. "I attribute this to an increased use of advertising. The advertising bill was larger, but still the efficiency of the advertising appropriation is increasing in what some call dull times."—Middlesboro Daily News.

## STRAIGHT CREEK GIVES WELL

Citizens of Pineville are excited over the possibilities of oil since a 20 barrel well was brought in at Straight Creek three miles east of the city last week.

Knox County has a number of such wells and the general belief is that someone with money and nerve will go deeper and make a big strike one of these days.

Pineville may also be enjoying natural gas one of these days, which is a great household, as well as industrial blessing. We of Barbourville have learned how much of a blessing since the accident to our own gas well.

## W. C. T. U. CONVENTION AT DANVILLE

The State W. C. T. U. Convention met at Danville, Ky., Oct. 7-11 with Mrs. Francis Beachum in the chair. Many other noted women who have devoted their time and energy to stamping out the liquor business, were present. Each county was well represented by delegates and among these from the National Convention we had the pleasure of hearing Miss Anna Gordon, of Evanston, Ill., who had just returned from the convention in Europe where thirty nationalities were represented.

Another speaker of great interest was George W. Bain, 61 years old, the silver tongued orator who has given his life to prohibition. He said "A crime that has been in practice for six thousand years cannot be overturned in a day."

Our motto is "God First, Home and Every Land."

Prohibition is already a law. We must enforce that law and the great work before us is to free the world from the liquor curse. Women can not give up the fight for whiskey men have not.

Mrs. Kate Ballard.  
Pres. W. C. T. U.

## METHODIST CHURCH

The pastor, Rev. John Owen Gross will preach both morning and evening—11 and 7. The Ladies Quartette will sing at the morning service. Special music at both services. Sunday School at 9:45. Epworth League at 6.

## CLEAR TONE MUSIC COMPANY Now Settled in New Location

The Clear Tone Music Company is now doing business at its new location, the Ladies Shop, in the Lawson building. The company has some beautiful player pianos on display as well as the celebrated Hiawatha Phonograph. B. S. Edwards, assisted by Syd Hopper, has built a snug little office where business may be done privately. The company also sells the famous Singer Sewing Machine.

## UNION COLLEGE NOTES

The revival is still going on at the chapel hour. Dr. Birney is one of the most wonderful men we have ever come in contact with. Everyone is enjoying his sermons and getting much inspiration out of them.

A try-out basketball game was played in the Gym Saturday night of both boys' and girls' teams. It is not yet decided who will be the first team players.

Mr. Kirkby Collins, of Mayesville, Ky., has enlisted as a College Freshman.

## HENSON, EASTERLY

The happy couple will go to house keeping November 1st at Harlan.

## FRANKLIN-CREECH

Miss Victoria Creech, younger daughter of Mr. and Mrs. David Creech, of Evans, was united in marriage to Mr. Cheslie Franklin, of Lawrenceburg, on Thursday of last week at 5 p.m. The marriage ceremony was performed by Dr. T. B. Roberts at the home of the bride's sister, Mrs. C. E. Hall, Elm St.

The bride was attired in a dark blue travelling suit and wore a corsage of pink roses. She was a popular student in Union College where she first met the groom, who is a younger brother of Dr. E. T. Franklin, president of the institution at Barbourville. The pathway of their college romance led them to Harlan for their marriage ceremony and now leads on to a farm near Lawrenceburg where they will put to a practical test the lessons learned in college days. A host of friends unite in wishing them a successful career.—Harlan Enterprise.

## YEARY-ELLISON

Miss Arkie Yeary, daughter of Mr. and Mrs. J. B. Yeary, of Poor Fork, was married to Mr. Forrester E. Ellison, of Grays, Ky., last Monday, October 19th at 2 p.m. The ceremony was performed at the Methodist church, Dr. T. B. Roberts officiating.

Miss Yeary wore a traveling suit and was attended by a few of her most intimate friends. They left on the evening train to make their home on a farm near Corbin. ## PERRY COUNTY EXPERIENCES AN ORGY OF KILLING

The Hazard Herald in its last issue opens an article on a long list of killings with the caption "How long, Oh, Lord, how long?" "Will murder in Perry never cease?" and details a list of killings and law defiance which makes bad reading. The Herald says it is time law abiding citizens of the town and county wake up. Until they do and until juries look on killings as murder and not until then will killings cease. Most of the killings appear to be the work of deputy sheriffs.

A law and order league of the best citizens whose duty it shall be to back up the officers, get clean minded and law abiding jurors who will see that justice is done and who will make a consistent fight on liquor, can clean up Perry County in a few months. A community gets exactly the kind of law enforcement it may wish or will work for. Most of the Mountain counties have recognized this fact and are cleaning up. Perry county need be no exception.

## BROUGHTON

The three year old daughter of Mr. and Mrs. Tom Broughton died at the family home on Stinking Creek Saturday the 15th.

## POWELL

Mrs. Laura Powell, wife of Carlo Powell and daughter of Sunny Payne died at the family home on Turkey Creek, October 13th. The interment was in the Payne Graveyard, Friendship, October 14th at 10 a.m.

## DOZIER

The remains of Clifford Dozier, son of Mr. and Mrs. Ivin Dozier, of Pineville, Private Co. 1, 126 Infantry were interred at Trace Branch, Sunday, Oct. 16, 1921, at 11 a.m. The religious service was held at the Trace Branch Methodist Church, Rev. J. H. Blackburn officiating. Interment was in charge of Deaton-Smith Post No. 69, American Legion which paid final honors to him who had laid down his life for God, his country and humanity.

Clifford Dozier was born Nov. 22, 1895 and fell in action in France Oct. 9, 1918, and was thus nearly 23 years old when he fell in battle.

## LIKE LONDON BRIDGE WE ARE FALLING DOWN

The Red Cross leaders meet from time to time and pass resolutions in regard to raising funds and that is the end of it. No one else is interested in seeing that the funds are raised to pay the County Health Nurse, whose work is so important a factor in life saving thruout the County. As a people we have come to the point where the dead may bury their dead and where our poorer brothers may rot for all we do—whether we care or not.

Why be Samaritans when we can be Levites?

Am I my brother's keeper?  
We go to church and that is respectable. Why worry with real Christianity that costs money?

## POSSIBLE RAILROAD STRIKE

There is a possibility of a national railroad strike to be effective Nov. 1st. Most of the strikes in this and other countries have proved to be disastrous to the strikers and we believe this, should it take place, will be no exception. General opinion will be against those who will cause untold suffering and misery and general opinion is one "general" that always the day. With the farmers receiving but little for what they produce and paying heavy freight on all they produce or use and business interests suffering from high freight rates which have to be passed on to the general public and to the man who does not have the backing of a union, there will be little sympathy for men whose earnings are away out of proportion to those of the farmer and the average working man.

## MOONSHINE RAID ON GOOSE CREEK

It. J. Blevins, Deputy Sheriff of Knox County, on Monday night, Oct. 17, near the Knox and Clay County line made a raid on the moonshiners and captured a still which he destroyed and about 200 gallons of beer. No one was at the place but while returning home he and his son, McKinley B. and Henry Burnett while walking up the C. & M. track were fired upon from the bushes. Blevins himself had the still on his back. The first shot passed close to his face. He set the still down and the next shot went thru the still. They all fell behind the rail ties and fired twenty or twenty-five shots, making it so hot for the moonshiners they had to leave. No one on the dry side got hurt and no one has been heard from on the other side.

They brought the still, which is a nice copper affair, to my office. Mr. Blevins has been my deputy for three or four weeks and has brought in two copper stills. He sure is going after them.

B. P. Walker, Sheriff.

## HERE'S THE ANSWER

Large Mail Order House Makes  
Specialty of Receiving All Coun-  
try Newspapers

We have a bureau whose duty it  
is to read each week the country  
newspapers from all over the coun-  
try. There is not a paper of any  
consequence in our trade territory  
but what our bureau looks over and  
when we find a town where the mer-  
chants are not advertising in the lo-  
cal paper we immediately flood that  
territory with our literature. It al-  
ways brings results far in excess of  
the same effort put forth in territory  
where the local merchants use their  
local paper." said Herman Rosen-  
feld, advertising manager for Sears,  
Rocback & Co.—Publishers Auxil-  
iary.

Which is probably the reason so  
many grocery catalogues are flood-  
ing Harboursville and Knox County.  
We have wholesale groceries and re-  
tail groceries here which look upon  
advertising as a fearful waste of  
money. They are unanimous in not  
advertising.

There is no objection to hoisting  
home buying, of course, newspapers  
being run by a sentimental lot of  
chumps who do not know any better  
than to try and run a newspaper in  
a city where the grocers in effect tell  
them they and the paper they pub-  
lish do not amount to a hill of  
beans.

BUT—There are firms outside of  
Barbourville and Knox County that  
do know the value of advertising in  
the local newspaper. We could get  
a page of Sears-Roebuck grocery ad-  
vertising any time we asked for it.  
Not long ago we turned down four  
pages of advertising from a nearby  
city. WHY? Just loyalty to the home  
town.

Loyalty? Do we get it from the  
grocers, wholesale or retail? We do  
not. —RESULT—Mail order busi-  
ness continually increases. WHY?  
Because of a short sighted policy  
which strains at a gnat and swal-  
lows a camel.

## Why The First Aid To Good Health Is Pure Blood

Waste Products in the Blood Cause Many Forms of  
Rheumatism, Skin Disorders, and  
A Lowered Vitality.

Many People Do Not Understand Nature's Warning.

When you have that feeling of  
fatigue; when you lack the energy  
you need for the day's duties and  
pleasure; when you are troubled with  
pimples, blackheads, bad boils, sores  
or some other skin eruption; or when  
you have rheumatic pains in the mus-  
cles and joints, don't wait until you  
collapse in a state of nervous prostra-  
tion, or until in your weakened con-  
dition you contract some serious dis-  
ease, but start at once to get the  
waste products out of your blood.

Nature has certain peculiar ways  
to warn us. Fortunate, indeed, is the  
person who knows her danger signals.  
Thousands and thousands of men  
and women during the past 50 years  
have relied on S. S. S. to clear their  
blood of waste products. S. S. S. will

improve the quality of your blood by  
relieving you of the waste products  
which cause impoverished blood and  
its allied troubles—skin disorders,  
rheumatism and a lowered vitality.

The same qualities which give  
S. S. S. its beneficial effect in clearing  
your blood of waste products make it  
extremely desirable for keeping your  
blood in good condition.  
S. S. S. may be had at any drug

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Miss Maggie Garrison on Sunday had the pleasure of meeting her sister, Mrs. W. C. Samples, of Norman, Oklahoma, and two little girls. They all went on to Girdler Monday where Mrs. Samples will be the guest of her mother, Mrs. Demps Smith. According to Mrs. Samples the last two years have been disastrous to farmers in Oklahoma. Five and six cent cotton last year. This year high priced cotton but practically none raised. Out of this situation has sprung an Association similar to that of the California Fruit Growers and the Burley Tobacco Growers. When farmers the country over get together for self defense, dictate a living price for what they raise, they will be more prosperous than they are today.

# I AM THE COUNTRY NEWSPAPER

By BRISTOW ADAMS.

I am the Country Newspaper.

I am the friend of the family, the bringer of tidings from other friends; I speak to the home in the evening light of summer's vine-clad porch or the glow of winter's lamp.

I help to make this evening hour; I record the great and the small, the varied acts of the days and weeks that go to make up life.

I am for and of the home; I follow those who leave humble beginnings; whether they go to greatness or to the gutter, I take to them the thrill of old days, with wholesome messages.

I speak the language of the common man; my words are fitted to his understanding. My congregation is larger than that of any church in my town; my readers are more than those in the school. Young and old alike find in me stimulation, instruction, entertainment, inspiration, release, comfort. I am the chronicler of birth, and love and death—the three great facts of man's existence.

I bring together buyer and seller, to the benefit of both; I am part of the market-place of the world. Into the home I carry word of the goods which feed and clothe and shelter, and which minister to comfort, ease, health, and happiness.

I am the word of the week, the history of the year, the record of my community in the archives of state and nation.

I am the exponent of the lives of my readers.

I am the Country Newspaper.

# CLIMATE NEWS

Mrs. Geo. Sharp is rapidly improving. — Mr. and Mrs. James Turley, of Kingston, Mr. and Mrs. Thos. Ballard, of Whites Sta. Madison Co., accompanied by Mrs. Jane Ballard, mother of Mrs. Turley and Mr. Ballard, motored from their home to this place Sept. 23, to visit Mrs. Ballard's brothers, Speed and Greene Gatlin. — Sunday, Sept. 25, Mr. and Mrs. Speed Gatlin had the pleasure of having Mr. Gatlin's only sister and brother as dinner guests. — None seemed to enjoy the dinner more than Grandma Whitaker, who is ninety-two and a half years old but is young in spirit. — Married Sept. 22: John Siler, son of Mr. and Mrs. J. H. Siler, of Dismal, and Miss Nancy Davis, daughter of Mrs. Matilda Davis, at the home of the bride Rev. Jasou Smith officiating. Mr. Siler is engaged in raising thoroughbred black Angus cattle and O. I. C. hogs. Miss Davis is an accomplished young lady. Their many friends wish them a long and happy wedded life. — Wm. Parker, of Barbourville, J. G. Evans, of King and Edward Miller surveyed a road to which all the property owners are donating the right of way. Together with Ed Clark these men went over the road from Clate school house to the Whitley line near Tye's Ferry. Messrs. Parker, Miller and John Gatlin looked over the road from this place to the Whitley line on the Rockhold road. Some changes were made on both roads. If our county officials will grant these roads the people are ready with their teams to make them. — Citizens of this place would be glad to map out a practical and cheap road which would give the lower part of the county and Flat Creek a way to get to Barbourville and how to locate a bridge in the most central place for those living down the river and in Mackey Bend on the other side. — Sunday, Oct. 2, there were memorial services at the Floyd graveyard. Rev. J. F. Perkins and R. B. Tye, both delivered interesting sermons and then the graves were decorated. Dinner was served for everybody and all engaged in a pleasant social hour.

A FRIEND.

But the Home Paper Told It!

"Wasn't it fine about Priscilla getting honors in her school work last term?" said Mrs. Smith to Mrs. Brown.

"What?" asked Mrs. Brown. "I didn't know about it."

"But it was in the Home Town Paper," replied Mrs. Smith. "Don't you take it?"

"No," said Mrs. Brown, "but I am going to."

And she did, for this is a true story.

As much a part of the community life as is the school or church is the Home Town Paper.

Subscribe for Your Home Town Paper Week, Nov. 7-12

# Strong for Home Paper

"No, I don't take the local paper any more," one farmer said to another as they were waiting at the creamery to unload their milk.

They had just been looking at a poster advertising "Subscribe for Your Home Town Paper Week, November 7-12." "I take a daily paper, and that's about all I need. It has a few items every week from our community, and I feel that I save two dollars a year by not subscribing to the home paper."

"Well, that's one way to look at it," said the other farmer, "but I've always felt that a local newspaper was a pretty valuable asset to any community, and if everybody took the attitude you do, there couldn't be any local newspaper. Of course we could not get along without our daily papers, because they keep us informed about what's going on throughout the nation and throughout the world, but when you say that they take care of our local news, I don't think you are sticking close to facts. They simply can't, and the publishers haven't any personal interest in our community the way our editor has."

"I have always felt that I got value received for every dollar I've paid out in subscriptions to the local paper, and I don't have an idea that running a country newspaper is any more of a wealth-producing proposition than running a farm. So long as I've got two dollars I intend that the rural mail carrier is going to tuck a copy of the home paper in my box every week."

That farmer knows that the community newspaper is a necessity in his home; that without it his home would be incomplete and his part in the community would be unsatisfactory to himself and his family. He knows the full value of the local newspaper as an institution.

# A Community Servant.

The local newspaper is the servant of the community in which it is published, but to be a good and efficient servant it must be fed by the people it serves. It is an institution of the town quite as much as the schools and the churches, and quite as much entitled to support.

# A Necessary Luxury.

The town newspaper is both a luxury and one of the family necessities.

# Community's Archives

"Can you tell me the date the Baptist church burned—I mean, of course, the famous fire that all the old inhabitants talk about?"

The librarian looked up from her work. "No, I can't tell you the exact date, but I think I can find it for you quickly, for we have the files of the local paper since it was started. My impression is that the fire—the big fire, as they call it—was about 1873, and it won't be a very long job to look it up."

She went to the stacks in the rear of the library, pulled out a dusty bound volume marked "Herald, 1873," and spread it open on the table. "Ah, here it is," she said, after a minute spent in turning over the yellow leaves.

The person who had inquired for the date, a member of the woman's club of the town, sat down and read the article. "This gives me exactly the information I wanted," she said.

"I thought it would," said the librarian. "I fear most people do not appreciate how valuable is the local newspaper from the viewpoint of local history. In fact, it seems to me that it is almost our only source. Only when an event gets into print is it officially recorded and filed for reference. Fitful as it is, the printed word of today is the counterpart of the ancient stone inscriptions that give us our records of a long-ago yesterday. I consider the bound volumes of our local papers perhaps the most valuable possession of this library."

There's at least one librarian who is giving "Subscribe for Your Home Town Paper Week," which will be observed November 7-12, the most hearty backing she can give.

# OLD HOME TOWN PAPER TO HAVE A WEEK

Nation Wide Campaign Launched for November 7-12—Place in Community Life Emphasized.

November 7-12 has been set as "Subscribe for Your Home Town Paper Week," and this newspaper, together with the thousands of country newspapers the United States over—there are not far from 15,000 of them, weeklies and small dailies—is to participate.

The purpose of the campaign is not only to induce residents of the small communities and the home town folks who are far from their native hearth to subscribe for the home paper, but also to emphasize the important place the home newspaper plays in the life of its community.

This campaign has the hearty support and co-operation not only of the newspapers but thousands of ministers and school principals, and many state agricultural colleges and farm and home bureau organizations.

Some persons, it is pointed out, have been inclined to belittle the place and function of the country newspaper. They have not realized that in reality the home paper is a community institution and that it enables the other institutions, such as the church and the school and all the rest to function better and more effectively. That it is a necessity if the town is to advance.

During the time between now and "Home Town Paper Week," November 7-12, this newspaper in its columns will have much to say about the Home Town Paper—not this newspaper in particular, but the home town paper the nation over, the home town newspaper as a real and distinctive factor in American life.

# A Messenger to Garcia.

The local newspaper is the messenger to Garcia for your town. It goes out to the world as an advertisement for the community. To be a good advertisement it must be a good newspaper. To be a good newspaper it must have the support of the people of the community in the way of subscriptions and advertising. Are you doing your part toward making your paper a good advertisement for this community, one that will carry the kind of a message the people of the community wish carried to the world?
